## Relevant Experience

2014.09 - Present

### Freelancing

While finishing my last year at university, I was freelancing part-time for Shopitize, also worked with Sukrin UK and VGA.LT.

2013.09 - 2014.08

### Web & Mobile Designer at Shopitize

I did my year-long placement at Shopitize, an innovative mobile app start-up company in London. It was a busy start-up environment, where I worked with a talented UX designer and team of developers. Responsibilities: Mobile App redesign and assets preparation for iOS and Android developers. Design and front-end development of web pages and e-mails.

## Achievements

2012.11

### Featured in Aspex Gallery

My poster was selected for the "Does Making Things Make Us Human?" exhibition at the Aspex Gallery in Portsmouth.
